

MRO Depot®

MRO pros gain efficiency, cut costs with MRO Depot®.

With Summit's MRO support, you can –

- Eliminate costly downtime when critical supplies run out
- Eliminate excess storage and handling costs caused by overstocking supplies
- Leverage supply purchases to get volume discounts
- Reduce "hidden" costs like expedited delivery freight charges

MRO Depot®, Summit's MRO supply program, includes product usage reporting, bar coding, online inventory management tools, crib management, and more.

Energy Efficiency

Energy costs can be a facility's single largest recurring monthly expense. Choosing energy efficient lamps, ballasts and fixtures can help keep that expense lower, while still providing quality light levels.

Summit can help reduce your facility's lighting wattage by as much as 70 percent. You can recoup costs in less than a year and achieve a return on investment as high as 120 percent.

We offer:

- FREE energy audits that include cost/benefit analysis on how lighting upgrades could impact your bottom line
- Assistance in securing government rebates and tax credits
- A broad range of lighting products from top manufacturers.

Find out how you can streamline your procurement process, cut costs and save energy. Call Summit today. **800.998.7800**.

"I've been involved with construction and maintenance for many years and have worked with a wide variety of supply houses. Summit is truly a first class distributor. They have the inventory I need when I need it. Their people are knowledgeable and work to solve my problems quickly and accurately. Their deliveries are timely, orders are complete and invoicing is accurate."
