

Online Account Services

Today, more than ever, time is money.

Stay competitive with Summit's new convenient online services.

- Easily compare products from 200+ manufacturers by key words, manufacturer part numbers, UPC codes or product groups
- See real-time inventory availability
- Get account-specific pricing
- Save time by transferring selections either to an order or to a template to save for future use
- Get quotes and place orders any time, day or night
- Choose payment option (bill credit card, charge account)
- Select delivery options: pick-up, delivery or ship third party carrier with online tracking
- See proof of delivery online

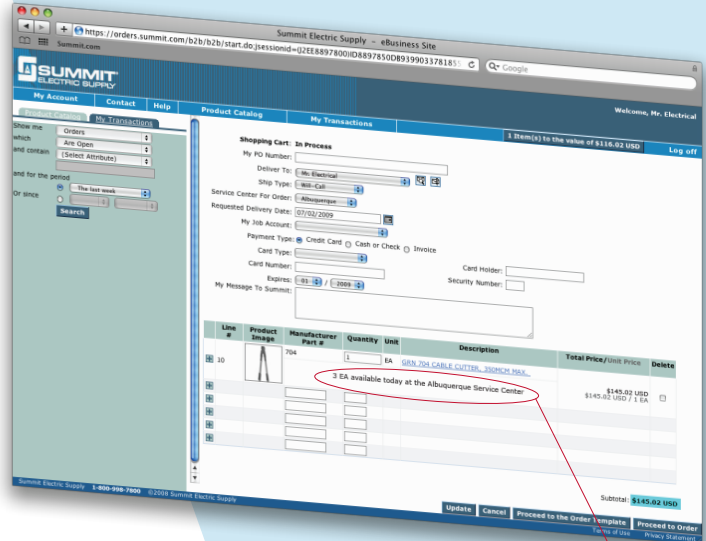

Eliminate paperwork and be more efficient by tracking all transactions online too.

Our services let you -

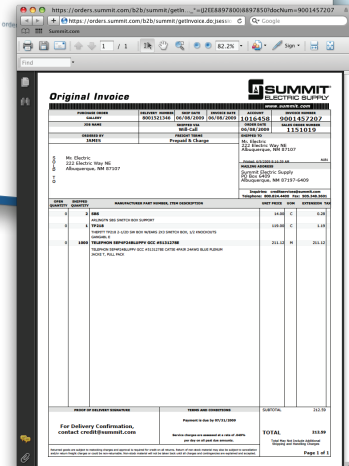

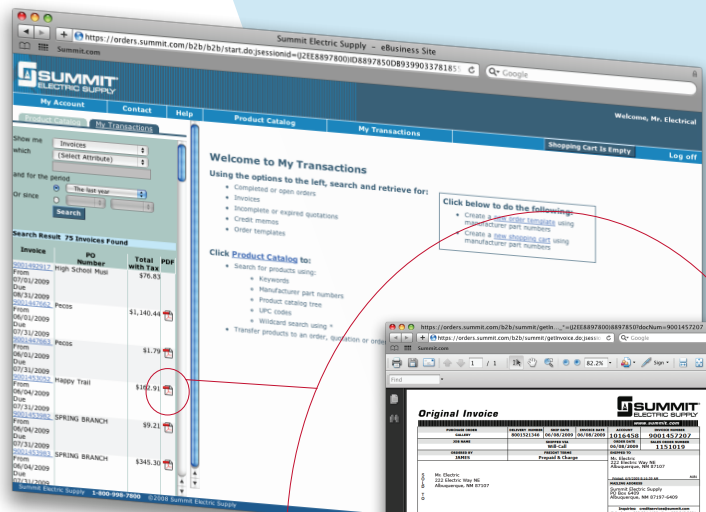

- Check completed or open orders so you always know what's pending
- Look up past or current invoices and credit memos for better budgeting
- View and print invoice PDFs to keep your billing straight
- And much more

Get the service you need with the convenience you expect.
